

Good afternoon. Your 11th grade student will be taking the PSAT/NMSQT Test next week either Wednesday or Thursday.

Last Names A - La Wednesday, October 25th

Last Names Le - Z Thursday, October 26th

On their testing day, your student will report directly to the main gym instead of first hour. Testing will begin promptly at 7:30am and should be finished no later than 11:00am. After testing, your student will have lunch and then return to their normal classes for the rest of the day.

Please remind your student that cellphones, smart watches, and air pods will NOT be allowed during testing. These are considered prohibited devices, and their scores will be invalidated if they are found to have these during testing.

If your student would like to access a test preview or complete a full-length practice test, they can do so using the testing ticket they received during the Digital Readiness Check last week. Since testing will be completely digital, the test preview will give your student an idea of the types of questions to expect during testing.

Below you will find the PSAT/NMSQT Student Guide with more information about the PSAT/NMSQT, how to access the test preview and the full-length practice test, and information about the National Merit Scholarship.

If you have any questions about testing, please contact either Mark Prebay or Jennifer Fisher.

Thank you.
