

**ANCHOR BAY MIDDLE SCHOOL NORTH
PARKING LOT PROCEDURES
2008-09**

Now that we have lines painted for pick-up and drop-off, please follow this procedure:

- Pull up along the curb as close to the Stop Sign as possible. If you run out of space before you reach the Stop Sign, **DO NOT STOP IN THE CROSSWALK.**
- Once you pull along the curb, stay in the lane until you reach the Stop Sign. **DO NOT** pull out of the lane until you have passed the Stop Sign.
- It is vital that you drive slowly. **SAFETY OF OUR STUDENTS IS TOP PRIORITY.** Some parents are very impatient, in a hurry to get to work, but it takes less than a minute to follow these procedures.
- Another option would be to drop off or pick up your student in the smaller parking lot along Ashley (formerly the front of the school), where there is less traffic. Please do not drive through the Bus Lane.
- It is very important to get in the habit of following these procedures before the winter weather sets in.

SAFETY FOR ALL IS OUR GOAL.
