

Parent Meeting

2024-2025 (Spring Testing)

Taking AP classes and exams can help students:

- Build skills and confidence.
- AP students learn essential time management and study skills needed for college and career success.
- They dig deeper into subjects that interest them and learn to tap their creativity and their problem-solving skills to address course challenges.

Get into college.

- Students who take AP courses send a signal to colleges that they're serious about their education and that they're willing to challenge themselves with rigorous coursework.
- 85% of selective colleges and universities report that a student's AP experience favorably impacts admission decisions.

Succeed in college.

- Research shows that students who receive a score of 2 on their AP Exams are ready for college work.
- Research shows that students who receive a score of 3 or higher on AP Exams typically experience greater academic success in college and have higher graduation rates than their non-AP peers.
- 3 out of 4 AP students enrolled in a four-year college start school with some AP credit.

Save time and money in college.

- Research shows that students who take AP courses and exams are much more likely than their peers to complete a college degree on time—which means they avoid paying for, for example, a fifth year of tuition.
- Most colleges and universities nationwide offer college credit, advanced placement, or both for qualifying AP Exam scores. This can mean:
 - Fulfilling graduation requirements early
 - Being able to skip introductory courses or required general-education courses

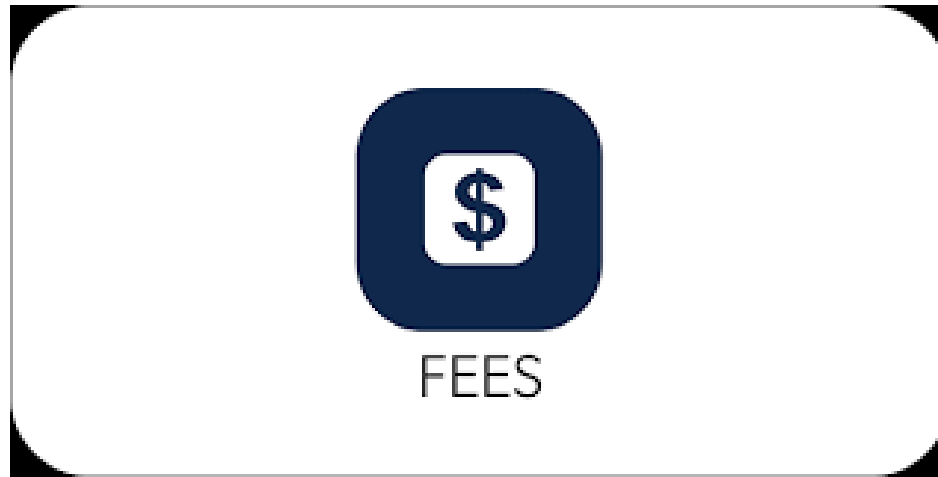

Recognized by Universities Worldwide, AP is a global credential.

- Universities around the world recognize AP when making admission decisions, course requisites, and awarding university credit. In fact, half of students entering four-year colleges are now starting school with some credit from AP courses.
- Qualifying AP Exam scores earn university credit in nearly all universities in the United States and Canada and are recognized in 60 other countries worldwide. Scores of 3 or 4 on AP Exams fulfill admission requirements in many universities in UK and Europe.
- Each college and university determines its own policies regarding AP Exam scores.

AP Testing Dates:

- Mr. Porter – AP Chemistry (Tuesday, May 6, 2025 @ 7:30am)
